CONTENTS

	Sections
Part I Interpretation	1
Part II Field Survey Standards	2 - 9
Part III Plans	10 - 25
Part IV Surveyor's Real Property Report	26 - 28
Part V Miscellaneous	29

PART I INTERPRETATION

1. In this Regulation,

"coordinate survey" means a survey made for the purpose of establishing the location of points on the surface of the earth by geographic or grid coordinates;

"imperial units" means units of measurement in feet and decimals of a foot;

"licensed member" means a member of the Association of Ontario Land Surveyors licensed to engage in the practice of cadastral surveying;

"lot" means a lot or any other area defined and designated by an original survey or by a registered plan;

"metric units" means units of measurement in metres and decimals of a metre;

"monument" includes any monument referred to in Ontario Regulation 525/91 under the *Surveys Act* and any other thing, device or object used to mark or witness a boundary of surveyed lands;

"original survey" has the same meaning as in section 1 of the *Surveys Act*;

"property identifier" means a property identifier assigned under subsection 21 (2) or (4) of the *Registry Act* or under subsection 141 (2) or (4) of the *Land Titles Act*;

"subdivision unit" means,

- (a) a lot shown on the original plan of an original survey and includes a section, block, gore, reserve, common, mining location or mining claim, or

- (b) a lot, block, part or other unit of land shown on a plan registered or deposited under the *Registry Act* or the *Land Titles Act*.

PART II FIELD SURVEY STANDARDS

2. This Part applies to surveys performed by a licensed member while engaged in the practice of cadastral surveying.

3. When undertaking a survey, a licensed member shall,

- (a) refer to the documentary evidence related to the land under survey and the land adjoining the land under survey;
- (b) carry out a thorough field investigation for the best available evidence of all lines, boundaries, and corners of the land under survey; and
- (c) give priority to the evidence in accordance with common law and statute law.

4. The error of closure of field data, in respect of the perimeter of each parcel of land or closed traverse, shall not exceed,

- (a) for the first 30 metres of perimeter, an error of 30 millimetres;
- (b) for the next 300 metres in excess of 30 metres of perimeter, an error of 6 millimetres per 30 metres;
- (c) for the next 240 metres in excess of 330 metres of perimeter, an error of 3 millimetres per 30 metres; and
- (d) for a total perimeter of more than 570 metres, an error of one part in 5,000.

5. Bearings shall be,

- (a) determined from astronomic or gyroscopic observations;
- (b) derived from a line of known astronomic bearing if survey evidence of such a line exists on the ground and the position of the line is described on the plan being prepared; or
- (c) derived from monuments in a coordinate survey.

6. The position of topographic information required under section 21 shall be determined by measurements at such intervals as the complexity of the topographic information demands and to such extent as will enable relocation of the topographic information.

7. All survey measurements shall be verified by mathematical closure or independent measurement.

8. If a survey is made for the purpose of defining, locating or describing a line, boundary or corner of a unit of land in relation to the regulated level of a body of water or defining a boundary in reference to an elevation, and no permanent bench mark exists within 300 metres of the site of the survey, a permanent bench mark, defined by a monument referred to in clause 2 (1) (a), (b), (d), (e) or (f) of Ontario Regulation 525/91 or other durable and stable object, shall be established at or near the site.

9. For each survey, field notes shall be prepared in the field and shall contain a clear and detailed account of everything found, observed and done in the field in the course of and relevant to the survey.

PART III PLANS

10. This Part applies to plans executed by a licensed member while engaged in the practice of cadastral surveying.

11. The word "survey" is not to be used in the title of any plan unless the plan has been prepared from a survey of land made for the purpose of establishing, locating, defining or describing any line, boundary, or corner of a parcel of land, or land covered with water.

12. (1) A plan shall,

- (a) be drawn on translucent linen or on translucent plastic material that is of durable quality and will not crack or break;
- (b) be rectangular;
- (c) be drawn and signed in black india ink or, if the plan is drawn on translucent plastic material, in black adhesion type ink;
- (d) be drawn to a scale or scales sufficient for clarity of all particulars on the plan;
- (e) be prepared to a drafting standard that will permit legible and accurate copies to be made from it; and
- (f) not be coloured.

(2) The only handwriting to appear on a plan shall be the original signatures of persons required to sign the plan and the dates of the signatures.

(3) Despite clauses (1) (a) and (c), a plan may be in whole or in part a photographic reproduction on plastic material that is of durable quality and will not crack or break, but all additions to the photographic reproduction shall be in black adhesion type ink, and signatures shall not be reproductions.

(4) Despite clause (1) (c) the title, legend and margin and any applicable certificates and forms prescribed by the regulations under which the plan is prepared may be preprinted on a plan in a manner that is permanent and permits accurate and legible copies of the plan to be made.

13. (1) A plan shall show,

- (a) every right-of-way and easement affecting the land shown on the plan that is,
 - (i) described in a registered instrument, or
 - (ii) shown on a registered or deposited plan;
- (b) the bearing and length of each straight line forming any surveyed limit or part of any limit, except that, in the case of a tier of subdivision units that is shown by the dimensions to be a series of parallelograms, the direction of each of the side lines of the subdivision units may be indicated by the bearings at both ends of the tier;
- (c) the radius, arc length, chord length and chord bearing of each curved line forming any limit or part of any limit;

(d) the perpendicular or radial widths of all streets, lanes and public passages within the surveyed area of which the limits are parallel or concentric;

(e) the straight line distance and bearing between the points of intersection of street limits on the same side of the street and, where all or part of any intersection is on a curve, the radius, arc length, chord length and chord bearing of the curved portion;

(f) the location of the radial centre of an arc that forms a cul-de-sac, clearly defined with reference to the street or streets connected to the cul-de-sac;

(g) an accurately plotted simple north point;

(h) the scale to which the plan is drawn; and

(i) if applicable, the name of the holder of the certificate of authorization.

(2) The scale to which a plan is drawn shall be expressed in numerical form and a scale bar clearly identified as representing either feet or metres shall also be shown on the plan.

(3) If space does not permit the showing of bearings and lengths, as required by clauses (1) (b) and (c), in their normal position, they may be shown in schedule form on the plan.

14. (1) All distances on a plan shall be shown either in imperial units or in metric units.

(2) A note in bold printing shall be included in a conspicuous position on every plan that indicates either that the distances shown on the plan,

(a) are in metres and can be converted to feet by dividing by 0.3048, if distances on the plan are shown in metric units; or

(b) are in feet and can be converted to metres by multiplying by 0.3048, if distances on the plan are shown in imperial units.

(3) If a survey has been integrated with a coordinate survey, notes shall be included on the plan of survey that indicate that,

(a) the distances shown on the plan are adjusted ground or grid distances and can be used to compute grid or ground distances by multiplying or dividing the distances by the stated combined scale factor; and

(b) the coordinate survey represented by the plan is based on the stated projection, zone and datum.

15. Directions shall be shown on a plan in quadrantal bearings.

16. (1) The origin of the bearings shall be noted on a plan and,

(a) if bearings have been determined from astronomic or gyroscopic observations a note shall be included on the plan indicating whether the bearings are,

(i) astronomic or gyroscopic, derived from observations on Polaris, or other stars or planets, or derived from gyroscopic observations, and

(ii) referred to the meridian at a given longitude or through a stated point on the ground definable by survey;

(b) if bearings have been derived from survey evidence of a line of known astronomic bearing, a note shall be included on the plan indicating the source of the bearings, the specified limit from which they are derived and the stated bearing; or

- (c) if bearings have been derived from a coordinate survey, a note shall be included on the plan indicating that the bearings are grid bearings, are derived from the specified horizontal control monuments with stated values and are referred to the stated central meridian.

(2) The line referred to in clause (1) (b) and the evidence used to re-establish it shall be described on the plan.

17. (1) By the use of light, broken or unbroken, lines of uniform width, a plan shall clearly and accurately show,

- (a) sufficient data to enable the identification of,
 - (i) the limits of existing subdivision units included within the land surveyed,
 - (ii) the limits defined by registered instruments or parcels affecting land included within the land surveyed, and
 - (iii) the limits of subdivision units adjoining the land surveyed and the limits defined by instruments or parcels referred to in subclause (e)(ii) that join or intersect the perimeter of the land surveyed;
- (b) sufficient data to enable the location of the parcel of land surveyed to be ascertained in relation to the limits of the lot of which it is a part;
- (c) the identifying numbers, letters or words of the existing subdivision units included within and adjoining the land surveyed;
- (d) if the plan includes land in a part of Ontario designated under Part II of the *Land Registration Reform Act*, the property identifiers assigned to,
 - (i) the land surveyed, and
 - (ii) the land adjoining the land surveyed;
- (e) if property identifiers have not been assigned, the numbers of,
 - (i) the registered instruments or parcels referred to in subclause (a) (ii), and
 - (ii) the registered instruments or parcels that define the limits of land adjoining the land surveyed; and
- (f) the new headings in the abstract index for each parcel included in the plan, if the plan includes land in an area that has been divided into parcels for abstract purposes under subsection 83 (3) of the *Registry Act*.

(2) Subclauses (1) (d) (ii) and (e) (ii) do not apply in respect of an undivided subdivision unit created by a registered plan of subdivision.

18. There shall be shown on a plan by solid lines of uniform width significantly heavier than the lines referred to in section 17,

- (a) the boundaries of the land being surveyed;
- (b) in the case of a plan showing new subdivision units, the limits of the new subdivision units and the identifying numbers, letters or words of the new subdivision units; or
- (c) in the case of a plan showing boundaries sought to be confirmed under the *Boundaries Act*, the boundaries sought to be confirmed.

19. A plan shall show,

- (a) the position and form of all survey evidence found, conflicting or otherwise;
- (b) the procedure used in re-establishing all existing boundaries forming part of a survey or on which a survey is dependent; and
- (c) the source of the distance or direction, if a distance or direction is set.

20. (1) If a measurement of distance or direction to be shown on a plan differs from that shown on a previously registered or deposited plan or contained in a description in a previously registered instrument or parcel, the measured distance or direction shall be identified on the plan and the corresponding distance or direction shown on the most recently registered or deposited plan or contained in the description in the most recently registered instrument or parcel shall be shown on the plan followed by such information as is required to identify its source.

(2) Sufficient data shall be shown on a plan to permit the calculation of the error of closure in respect of the limits of each parcel of land shown on the plan.

(3) For the purposes of subsection (2) the errors of closure set out in section 4 apply.

21. (1) On a plan of survey,

- (a) all topographic information shall be shown,
 - (i) that forms, controls or marks the position of a boundary of the surveyed parcel,
 - (ii) that may indicate an interest in the title to the surveyed parcel, or
 - (iii) that indicates an encroachment from the surveyed parcel onto the adjacent lands or from the adjacent lands onto the surveyed parcel; and
- (b) all survey data necessary to define the position of topographic information required by clause (a) shall be shown and, in the case of subclause (a) (i), may be in schedule form.

(2) Topographic information that is not required under clause (1) (a) shall not be shown on a plan of survey prepared for registration or deposit in a land registry office.

(3) Despite subsection (2), sufficient topographic information to illustrate the position of the boundary being surveyed in relation to the topographic information adjoining the boundary may be shown.

(4) Subclauses (1) (a) (i) and (iii) do not apply in the case of existing boundaries of a previously surveyed public highway if the current plan of survey is prepared for the purpose of widening the highway.

22. If a plan shows a part of a street or highway that has been stopped up or closed, the plan shall include a reference to the by-law or other instrument by which the street or highway was stopped up or closed and to the registration number of,

- (a) the by-law, if passed on or after March 29, 1873, in respect of lands registered under the *Registry Act* at the time the by-law was passed, or if passed on or after February 12, 1987, in respect of lands registered under the *Land Titles Act*; or
- (b) the other instrument.

23. If a plan shows a boundary that was confirmed under the *Surveys Act* or confirmed and certified under the *Boundaries Act* or a

predecessor thereof, a reference to the confirmation and to the registered plan number, where applicable, shall be included on the plan.

24. (1) Every plan shall bear a title that includes,

- (a) the designation of every existing subdivision unit, except those subdivision units designated as parts, any portion of which is included in the land surveyed;
- (b) the new headings in the abstract index for each parcel included in the plan, if the plan includes land in an area that has been divided into parcels for abstract purposes under subsection 83(3) of the *Registry Act*;
- (c) the name of the geographic township, if any, where the land was situate at the time of the original survey, except in the case of patented land within a registered plan; and
- (d) the name of the municipality and of the county, district, metropolitan or regional municipality where the land was situate on the day the plan was signed by the licensed member.

(2) If a plan creates new subdivision units, the references to existing subdivision units, new abstract headings and the name of the geographic township required by subsection (1) to be included in the title of a plan may, instead, be set out in a schedule near the upper right corner of the plan relating them to the new subdivision units.

25. Except as required under any statute of Ontario, and the regulations thereunder, every plan shall be certified by a licensed member in Form 1.

PART IV SURVEYOR'S REAL PROPERTY REPORT

26. For the purpose of this Part a surveyor's real property report is a survey that locates a building or structure in relation to the boundaries of a unit of land.

27. (1) The documentation for a surveyor's real property report shall consist of a plan of survey and a written report.

(2) If the plan and the written report are separate documents, the plan shall include a note indicating that the written report is to be read in conjunction with the plan.

(3) The plan shall include a note specifying the name of the client for whom the surveyor's real property report was prepared.

28. In addition to the requirements of Part III, the surveyor's real property report shall show,

ONTARIO REGULATION 94/96 made under the ENVIRONMENTAL ASSESSMENT ACT

Approved: March 21, 1996
Filed: March 25, 1996

EXEMPTION—CITY OF TORONTO'S WESTERN BEACHES STORAGE TUNNEL—TOR-C-5

Having received a request that an undertaking, namely:

the activities of the design, construction and operation of the Western Beaches Storage Tunnel,

be exempt from the requirements of section 5 of the *Environmental Assessment Act*; and

Having been advised by The Corporation of the City of Toronto (City of Toronto) that if the undertaking is subject to the application of the Act, the following injury, damage or interference with the persons and property indicated will occur:

- A. Due to the current state of the water quality along the City of Toronto's Western Beaches, residents and visitors to the City of Toronto are unable to utilize the beach and area as was intended. The water quality is significantly impaired due to the continued discharge of untreated sewage combined with stormwater during heavy rains. This has resulted in beneficial uses such as swimming, sport fish consumption and aesthetics being restricted. This degradation of water quality will continue, resulting in the potential endangerment of human health, safety and well being, as well as significant damage to the existing natural environment of the near shore.
- B. The delay in improving the water quality of the Western Beaches will impact the ability of the Metropolitan Toronto Remedial Action Plan to achieve its goals and the ability of Ontario to meet the water quality targets of the Canada-Ontario Agreement.

Having weighed such injury, damage or interference against the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management in Ontario of the environment which would result from the undertaking being subject to the application of the Act;

The undersigned is of the opinion that it is in the public interest to order and orders that the undertaking is exempt from the application of the Act for the following reasons:

- A. The current state of the water quality along the Western Beaches is significantly impaired due to the continued discharge of untreated combined sewage overflows (CSOs—sanitary sewage and stormwater flowing in the same pipe) and stormwater directly into the lake. While the benefits of additional planning are important, they do not warrant the delay in improving the water quality of the Western Beaches.
- B. The City of Toronto has completed a substantial amount of planning, consultation and environmental assessment through: (i) the completion of a city-wide Sewer System Master Plan in 1992, (ii) the subsequent completion of a Schedule “C” Class Environmental Assessment for the Western Beaches Storage Tunnel in 1993, in keeping with the appropriate requirements of the *Municipal Engineers Association Class Environmental Assessment for Municipal Sewage and Water Projects*, and (iii) the City's participation in the Open Public Review of the Western Beaches Storage Tunnel project by the Environmental Assessment Advisory Committee in 1994.

This exemption is subject to the following terms and conditions:

GENERAL

- 1. Where any activity which otherwise would be exempt under this order is being carried out as or is part of an undertaking for which an environmental assessment (EA) has been accepted and approval to proceed received, the activity shall be carried out in accordance with any terms or conditions in the approval to proceed as well as the conditions of this order.

2. Where any activity which is the subject of this order is being carried out as or is part of another undertaking which is the subject of an exemption order under the Act, the activity exempt under this order shall be carried out in accordance with any terms or conditions in the other exemption order as well as the conditions in this order.

CONTAMINANTS STUDY

3. The City of Toronto will complete further studies to determine the quantities and quality of all contaminants (in addition to faecal coliform) that are expected to be present in the Tunnel liquids and Tunnel solids.
4. The City of Toronto will document the information identified in Condition 3 in a report, including information on the existing treatment methods and future treatment options, identified contaminants during the operation of Phase 1 of the Tunnel, and subsequent phases. This report will be submitted to the Director, Approvals Branch, Ministry of Environment and Energy, as part of the application for an approval under the *Ontario Water Resources Act*.
5. The City of Toronto will make the Contaminants Study available to The Municipality of Metropolitan Toronto (Metro) for consideration and for public review at the time of submission to Approvals Branch. The City of Toronto will directly notify all those parties who have expressed prior interest in this study of its availability.

NON-STRUCTURAL PROGRAMS

6. Within three months of the approval of this exemption order, the City of Toronto shall set up a Non-Structural Programs Working Group, to be composed of appropriate City staff and several members of the interested public. The purpose of this Group will be to identify areas of the City where the implementation of non-structural programs to address stormwater and/or CSO needs are feasible. In keeping with the City's policy on the use of non-structural programs, the Group shall also be responsible for recommending to Council, through the appropriate Committee, those programs which are considered environmentally, technically and economically appropriate.
7. The City of Toronto will aggressively implement its policies on the use of non-structural programs, and Best Management Practices, for CSO control and stormwater management.
8. The City of Toronto shall direct the Non-Structural Programs Working Group to examine the feasibility of implementing non-structural solutions for stormwater management at the Ellis Avenue and Howard Road stormwater outlets. The City of Toronto shall obtain any approvals required under other acts for any changes to the Western Beaches Storage Tunnel project identified and implement the undertaking with those changes.

MONITORING PROGRAMS

9. The City of Toronto will develop monitoring programs to,

 - b) monitor the operation and effectiveness of the non-structural programs and the use of Best Management Practices.

The City of Toronto will submit a description of the monitoring programs to the Director of Approvals Branch as part of the

application for an approval under the *Ontario Water Resources Act*.

The City of Toronto will ensure that any infrastructure plans they complete are consistent with the direction and conclusions of such a Metro-wide infrastructure plan.

THE CITY OF TORONTO SEWER SYSTEM MASTER PLAN

14. Should the City of Toronto proceed with its existing sewage infrastructure plan, the Sewer System Master Plan, the City will prepare a formal Review Procedure and a formal Amending Procedure for the Sewer System Master Plan to allow for the regular review and update of the Plan. These procedures will be submitted to the Director, Environmental Assessment Branch, Ministry of Environment and Energy, for review and comment. They will also be made available to those members of the public who have expressed an interest in the existing SSMP for review and comment at the time of submission to the Director of the Environmental Assessment Branch.

REPORTING ON FULFILMENT OF CONDITIONS

15. Within one year of the approval of this order, the City of Toronto shall advise the Directors of the Environmental Assessment Branch and Central Region in writing of how the conditions of the exemption have been met. AVIS DE PRÉSENTATION D'UNE DEMANDE

IL EST PAR LES PRÉSENTES ANNONCÉ QUE Centra Gas Ontario Inc. («Centra») a déposé auprès de la Commission de l'énergie de l'Ontario une demande de révision de ses tarifs datée du 27 mars 1996, en vertu de l'article 19 de la *Loi sur la Commission de l'énergie de l'Ontario*. Centra demande que de nouveaux tarifs et d'autres coûts soient approuvés pour la période commençant le 1^{er} janvier 1997, après la tenue d'une audience. N'importe quel abonné de Centra peut être touché par la décision que la Commission prendra en ce qui concerne la demande.

Certains aspects de l'entreprise d'approvisionnement en gaz de Centra et Union Gas Limited («Union») ont été intégrés en vertu de l'ordonnance de la Commission relative aux dossiers E.B.O. 177-06 et E.B.R.L.G. 34-12, qui traitait d'une proposition selon laquelle Centra et Union se partageraient la gestion et les services. Union a modifié sa fin d'exercice pour qu'elle coïncide avec l'année civile et donc avec l'exercice financier de Centra. Parallèlement à la présente demande, Union a également demandé à la Commission d'émettre des ordonnances relatives aux tarifs et d'autres ordonnances connexes en vertu de la Loi. Le numéro de dossier E.B.R.O. 494 a été attribué à la demande de Union. Étant donné les dispositions prises en vue du partage des services et pour que les exercices financiers de Centra et Union coïncident, Centra a demandé à la Commission d'ordonner et de prescrire, conformément à la Loi et aux règles de procédure de la Commission, que la présente demande et celle de Union soient traitées en même temps lors d'une audience et de délibérations communes.

(a) allowances and provisions for differences between the sum that the board requisitioned and the sum that the board ought to have requisitioned in a previous year from a local municipality in the school division, and

(b) the portion of any expenditures incurred by the board in performing the duties of a municipal council,

over the sum of the estimated revenues of the board for 1996 from sources other than local taxation and the amount in the reserve established under subsection 237 (2) of the Act;

"A.E.F. for apportionment purposes for 1996" for a municipality or locality means the assessment equalization factor provided by the Minister for 1996;

"assessment" has the same meaning as in Ontario Regulation 116/96 (General Legislative Grants, 1996);

"equalized assessment for a municipality or locality" means the quotient obtained by dividing the product of 100 and the assessment for the municipality or locality by the A.E.F. for apportionment purposes for 1996 for the municipality or locality;

"local taxation" means taxes levied by a municipality or a board for school purposes, exclusive of taxes paid over under section 35 of the *Assessment Act* and taxes levied under section 159 of the *Municipal Act*;

"payment in lieu of taxes for 1996" means, in respect of a municipality, the sum of the amounts payable by the municipality to the board for 1996 under subsection 7 (10) of the *Housing Development Act*, under subsection 445 (4) of the *Municipal Act*, under subsection 52 (9) of the *Power Corporation Act* and under section 2 of the *Municipal and School Board Payments Adjustment Act*.

(2) Clause (a) of the definition "apportionable sum required by a divisional board for 1996" in subsection (1) does not apply in the case of a divisional board or a secondary school board if the area of jurisdiction of the board comprises an area where an assessment update has been carried out under subsection 371 (2) of the *Municipal Act*, subsection 135.3 (1) of the *Regional Municipalities Act*, subsection 84.13 (1) of the *County of Oxford Act* or subsection 81 (1) of the *District Municipality of Muskoka Act*.

2. (1) The apportionable sum required by a divisional board for 1996 shall be apportioned among the municipalities and localities in the school division in the ratio, correct to five places of decimals, of the equalized assessment for such municipalities or localities to the total equalized assessment of the municipalities and localities in the school division.

(2) The amount apportioned to a municipality or locality by a divisional board for 1996 shall be the sum of the following amounts

adjusted where required under section 237 or subsection 247 (2) or (3) of the Act:

3. (1) If the adjustments required under section 247 of the Act are in respect of a part or parts of a municipality or locality, the divisional board shall provide with its requisition sufficient information in respect of the adjustments to enable the amount required in respect of the part or parts of the municipality or locality to be determined.

(2) If, for the purpose of a levy in 1996, a municipality is required under any Act to apportion the amount to be raised for municipal purposes among two or more defined areas within the municipality, the amounts requisitioned on the municipality in 1996 by a divisional board, exclusive of payments in lieu of taxes, taxes levied under subsections 159 (12) and (13) of the *Municipal Act* allocated or paid by the municipality to the divisional board, and adjustments required under section 247 of the *Education Act*, shall, for the purpose of the levy in 1996, be apportioned by the municipality among such defined areas in the ratio, correct to five places of decimals, of the equalized assessments for the defined areas to the total equalized assessment of the municipality.

- (a) the residential and farm assessment within the defined area upon which taxes are levied; and
- (b) the quotient obtained by dividing by .85 the commercial assessment upon which taxes are levied, included in the last revised assessment roll for such defined area used for taxation purposes in 1996, equalized by using the 1979 assessment equalization factors set out in Schedule B to Ontario Regulation 108/79.

FEES CHARGED TO BOARDS

3. (1) Except as provided in subsection (10) and section 4, the fee in respect of a pupil whose fee is receivable from another board, from Canada or from a band, council of a band or education authority authorized by the Crown in right of Canada to provide education for Indians and the fee in respect of a pupil to whom subsection 49 (6) of the Act applies, shall be determined in the following manner:

1. Subtract from the current cost of operating of the board that provides the instruction the school-based operating expenditure for elementary school purposes and secondary school purposes.
2. Prorate the remainder from paragraph 1 to elementary school purposes and secondary school purposes in the ratio that the day school A.D.E. of elementary school pupils and the day school A.D.E. of secondary school pupils is to the total day school A.D.E. of the board.
3. Add the amount determined in paragraph 2 for elementary school purposes to the school based operating expenditure for elementary school purposes and subtract the legislative grants payable to the board in respect of elementary school pupils for the eligible sum for French as a first language, the eligible sum for French as a second language, the eligible sum for Native as a second language, the eligible sum for full-day kindergarten and the reduction in class-size in grades 1 and 2 and the grant for pay equity as determined under sections 22 and 30, respectively, of Ontario Regulation 116/96 (General Legislative Grants, 1996). Divide that sum by the day school A.D.E. of elementary school pupils.
4. Add the amount determined in paragraph 2 for secondary school purposes to the school based operating expenditure for secondary school purposes and subtract the legislative grants payable to the board in respect of secondary school pupils for the eligible sum for French as a first language, the eligible sum for French as a second language, the eligible sum for Native as a second language and the grant for pay equity as determined under section 30 of Ontario Regulation 116/96 (General Legislative Grants, 1996). Divide that sum by the day school A.D.E. of secondary school pupils.
5. Multiply the A.D.E. of each pupil to whom subsection 49 (6) of the Act applies or the A.D.E. of each pupil whose fee is

receivable from another board, from Canada or from a band, council of a band or education authority, as the case may be, by the sum of,

- i. the amount determined under paragraph 3 or paragraph 4, as the case may be, and
- ii. the P.A.C. for that pupil.

(2) Subparagraph ii of paragraph 5 of subsection (1) does not apply to a board that is appointed under section 68 of the Act.

(3) The fee in respect of a pupil referred to in subsection (1) who is enrolled in a Native language program and whose fee is receivable from Canada or from a band, council of a band or education authority authorized by the Crown in right of Canada to provide education for Indians may be increased by an amount equal to the portion of the eligible sum for Native as a second language that would be generated for that pupil if the pupil were a resident pupil of the board.

(4) The fee in respect of a pupil referred to in subsection (1) who is enrolled in a high cost program may be increased by multiplying the fee by a factor agreed upon by the board providing the instruction and the party from whom the fee is receivable.

(5) If the board providing the instruction and the party from whom the fee is receivable cannot agree upon a factor, the factor shall be determined by three arbitrators.

(6) If the fee is in respect of a pupil for whom the Minister pays the cost of education, the three arbitrators shall be,

- (a) one arbitrator appointed by the board that provides the instruction;
- (b) one arbitrator appointed by the Minister; and

- (c) one arbitrator appointed by the arbitrators appointed under clauses (a) and (b).

(8) The decision of the arbitrators or a majority of them is final and binding upon the board providing the instruction and the party from whom the fee is receivable.

(9) The number of pupils in a high cost program provided by the board in respect of whom the fee receivable by the board from a party may be increased under subsections (4) to (8) shall not exceed the amount obtained by,

- (a) multiplying the A.D.E. of pupils in respect of whom fees are receivable by the board from the party by the ratio of the A.D.E. of pupils registered in the high cost program to the A.D.E. of pupils enrolled in schools operated by the board; and
- (b) subtracting the product obtained in clause (a) from the A.D.E. of pupils registered in the high cost program in respect of whom fees are receivable by the board from the party.

(10) The fee in respect of a pupil referred to in subsection (1) who is enrolled in the period from September 1, 1996 to December 31, 1996 and who is 21 years of age or over as of December 31, 1996 shall be equal to the product of the A.D.E. of the pupil and \$2,257 or such other amount that is agreed upon by the board providing the instruction and the party from whom the fee is receivable.

FEES PAID TO SECTION 68 HOSPITAL BOARDS

4. The fee in respect of a pupil enrolled in a school operated by a board that is appointed under section 68 of the Act in a centre for the treatment of cerebral palsy, a crippled children's treatment centre, a hospital or a sanatorium shall be calculated by,

- (a) adding to the current cost of operating of the board that provides the instruction, the portion approved by the Minister for grant purposes of the expenditure for such year for the transportation of pupils and deducting from the total thereof the general legislative grants payable to the board for such year, except a grant that is equal to the cost of education;
- (b) dividing the amount determined under clause (a) by the sum of the days on which each pupil is enrolled at the school; and

- (a) \$74 for each month the pupil or pupils are enrolled in an elementary school operated by the board; and
- (b) \$74 for each month the pupil or pupils are enrolled in a secondary school operated by the board.

(4) In the case of a pupil who is qualified to be a resident pupil of a school section, separate school zone or secondary school district, the fee in respect of the pupil shall not exceed, for each month the pupil is enrolled, the greater of,

- (a) \$74; and
- (b) one-tenth of the sum of,
 - (i) the quotient obtained by dividing,
 - (A) the board's estimate of the excess of its O.E. for the year over its R.O.E.,
 by,
 - (B) the A.D.E. of the board for the year that is in respect of resident-internal and resident-external pupils of the board, and

(ii) the P.A.C.

(5) If a pupil is enrolled in a high cost program, the amount calculated under subsection (4) may be increased by an amount that does not exceed the additional cost to the board of providing the high cost program to the pupil.

FEES CHARGED TO PARENTS NOT RESIDING IN ONTARIO

6. (1) The fee in respect of a pupil whose parent or guardian does not reside in Ontario shall be such fee as the board providing the instruction to the pupil may determine and, except as is provided in subsection (3), shall not exceed the amount obtained by multiplying one-tenth of the sum of the quotient determined under paragraph 3 or 4, as the case may be, of section 3 and the P.A.C. for the pupil and multiplying that result by the number of months during which the pupil is enrolled in such year in a school operated by the board.

(2) Subsection (1) does not apply to a pupil to whom subsection 49 (6) of the Act applies.

(3) The fee in respect of a pupil referred to in subsection (1) who is enrolled in a high cost program shall be increased by an amount that does not exceed the additional cost to the board of providing the high cost program to the pupil.

FEES FOR PROGRAMS IN FACILITIES

7. (1) The fee charged by a board in respect of a pupil who is not qualified to be a resident pupil of the board and for whom an educational program is provided in a hospital or treatment centre shall be such fee as may be agreed upon between the board that provides the program and,

- (a) the board of which the pupil is qualified to be a resident pupil; or
- (b) if the pupil is not qualified to be a resident pupil of a board, the parent or guardian of the pupil.

(2) Subsection (1) does not apply to a board that provides the educational program if the board,

- (a) is appointed under section 68 of the Act; or
- (b) receives a grant under section 27 of Ontario Regulation 116/96 (General Legislative Grants, 1996) with respect to that educational program.

FEES FOR CONTINUING EDUCATION AND SUMMER SCHOOL

8. The fee charged by a board in respect of a pupil who is enrolled in a continuing education or summer school program operated by the board shall be such fee as the board providing the instruction may determine except that the fee shall not exceed the product of,

- (a) the average daily enrolment that is calculated in respect of the pupil under section 3 of Ontario Regulation 120/96 (Calculation of Average Daily Enrolment, 1996); and
- (b) the quotient obtained by dividing the current expenditure of the board for continuing education and summer school courses or classes for which legislative grants are payable under Ontario Regulation 116/96 (General Legislative Grants, 1996) by the average daily enrolment that is calculated under section 3 of Ontario Regulation 120/96 (Calculation of Average Daily Enrolment, 1996) in respect of resident-internal and non-resident pupils of the board enrolled in continuing education and summer school courses or classes for which

legislative grants are payable under Ontario Regulation 116/96 (General Legislative Grants, 1996).

"cycle" means the number of school days for which a schedule of classes in a school continues before the schedule is repeated;

"full-time pupil" means a pupil who,

- (a) is enrolled in day school other than in junior kindergarten or kindergarten, and
- (b) in respect of a cycle, is registered for classroom instruction for an average of at least 210 minutes per school day;

"half-time pupil" means a pupil who,

- (a) is enrolled in junior kindergarten or kindergarten that is not part of a combined program, and
- (b) in respect of a cycle, is registered for classroom instruction for an average of at least 150 minutes per school day;

"independent study course" means a credit course that is provided to a pupil other than a full-time pupil in whole or, at the option of a board, in part through a non-classroom instructional mode of delivery;

- (b) is enrolled in day school and is neither a full-time nor a half-time pupil.

2. Day school average daily enrolment for a board for 1996 is the sum of,

- (a) the product of 0.5 and the sum of,

- (i) the number of full-time pupils enrolled on the last school day in February, 1996,

FEES IN CRIMINAL MATTERS

NOTES

- A. The fees payable in criminal matters are set out in the Table to this Schedule and must be read in conjunction with these Notes and any qualifications or allowances set out in the Table.
- B. All fees in this Schedule are subject to,
- (a) an increase or decrease in accordance with Note C and items 14.1 and 14.2 of the Table to this Schedule;
 - (b) a reduction in accordance with section 22 of the Act.
- C. This Schedule is a legal aid tariff reflecting fees customarily paid by a client of modest means and except in exceptional circumstances the fees provided for shall normally apply for the described legal services, but,
- (a) at the written request of the solicitor, the fees may be increased by a Legal Accounts Officer if in the opinion of the Legal Accounts Officer an increase is justified, having regard to all the circumstances, including,
 - (i) the result obtained,
 - (ii) the complexity of the matter,
 - (iii) the contributions of the client or other contributors,
 - (iv) the amount of time realistically set aside in anticipation of a lengthy trial which time was not otherwise filled by the solicitor, and
 - (v) any other relevant factor which would warrant an increased fee; and
 - (b) the fees may be decreased by a Legal Accounts Officer if in the opinion of the Legal Accounts Officer a decrease is appropriate,
 - (i) under the provisions of section 102 of this Regulation, or
 - (ii) where and to the extent that the fees charged exceed the amount of fees that would be allowed if the fees of the solicitor were assessed under the *Solicitors Act*.
- D. A solicitor shall prepare an account in accordance with this Schedule and shall provide details of services rendered, including the date, time of day, length of time, description of service and by whom the service was rendered.
- E. A Legal Accounts Officer may require proof and justification of all items included in an account, either by the production of docket entries or otherwise.
- F. If a solicitor represents two or more persons charged with the same offence or a similar offence arising out of the same occurrence and if the pre-trial conferences with the Crown, judicial interim release proceedings, withdrawals of charges, pre-trial hearings, preliminary inquiries, trials, pleas of guilty or appeals are heard in the same court at approximately the same time, then, for the purposes of this Schedule, the solicitor

is entitled to fees as for one client and to an increase of 40 per cent and such additional fees as may be appropriate in accordance with Note C.

- G. Where a solicitor represents a person charged with two or more offences and the pre-trial conferences with the Crown, judicial interim release proceedings, withdrawals of charges, pre-trial hearings, preliminary inquiries, trials, pleas of guilty or appeals are heard in the same court at approximately the same time, the solicitor is entitled to fees as for one charge and to such additional fees as may be appropriate in accordance with Note C.

Where a solicitor represents a person charged with two or more offences and the pre-trial conferences with the Crown, judicial interim release proceedings, withdrawals of charges, pre-trial hearings, preliminary inquiries, trials, pleas of guilty and appeals are not heard in the same court at approximately the same time, the solicitor is not entitled to fees for more than one charge unless the solicitor satisfies the Legal Accounts Officer that the course of action taken by the solicitor was appropriate.

- H. Where a solicitor represents two or more persons, and one of them is a private retainer client and another of them is represented under the Legal Aid Plan, the solicitor shall disclose the fact of representing a private client to the Legal Accounts Officer and shall prorate all disbursements and preparation between the private client and the Legal Aid client.
- I. If a solicitor can readily ascertain that a maximum allowed by this Schedule is clearly inadequate with respect to a matter for which a certificate has been issued, the solicitor shall forthwith advise the area director and a Legal Accounts Officer of the details of the case and an estimate of the time and services required. Failure to do so will be a factor in the settlement of the solicitor's account.
- J. In any matter not dealt with by this Schedule, a Legal Accounts Officer shall allow a reasonable fee and, in determining the fee properly payable in respect of the matter, the Legal Accounts Officer shall have regard to this Schedule for comparable services.
- K. A solicitor may render interim accounts whenever his or her unbilled account balance, exclusive of disbursements, exceeds \$500 and at such other times as a Legal Accounts Officer may permit. However, a solicitor may not render an interim account for services rendered in connection with appeals except when permitted by a Legal Accounts Officer.
- L. The following rules apply to a case where junior counsel is retained under subsection 80 (4) of this Regulation:
1. For attendance in court, the junior counsel shall be paid 75 per cent of the hourly rate payable under this Schedule.

Where this Schedule specifies the maximum hours allowed for a group of services and a solicitor seeks payment for one or more but not all of those services, the Legal Accounts Officer shall determine the number of hours for which the solicitor is entitled to payment. In making the determination, the Legal Accounts Officer shall allow an appropriate number of hours having regard to the maximums specified in this Schedule.

Sur la recommandation du soussigné, le lieutenant-gouverneur, sur l'avis et avec le consentement du Conseil des ministres, décrète ce qui suit :

WHEREAS section 14 of the *Environmental Assessment Act* provides that where the Minister of the Environment has accepted an environmental assessment of an undertaking, the Minister may with the approval of the Lieutenant Governor in Council, give approval to proceed with the undertaking subject to such terms and conditions as the Minister considers necessary, or refuse to give approval to proceed with the undertaking;

WHEREAS, having considered the purpose of the Act, the environmental assessment, as accepted, of the undertaking, which is the subject of the attached notice, and the submissions received, the undersigned Minister of Environment and Energy is of the opinion that the undertaking should be given approval to proceed, subject to the terms and conditions specified in the attached notice; and

WHEREAS no notices requiring a hearing have been received by the Minister of Environment and Energy;

THEREFORE, pursuant to the provisions of the *Environmental Assessment Act*, the undertaking which is the subject of the attached notice, be given approval to proceed subject to the said terms and conditions.

ENVIRONMENTAL ASSESSMENT ACT

SECTION 14

**NOTICE OF APPROVAL TO PROCEED WITH THE
UNDERTAKING**

RE: An Environmental Assessment for the proposed
West Transitway Extension

Proponent: Regional Municipality of Ottawa-Carleton

EA File No.: TP-OC-02

TAKE NOTICE that the period for requiring a hearing, provided for in the *Notice of Acceptance of the Environmental Assessment* for the undertaking, expired on February 9, 1996. I have received no notices requiring a hearing by the Environmental Assessment Board with respect to approval to proceed with the undertaking.

Having considered the purpose of the Act, the Environmental Assessment (EA) of the undertaking as amended by the proponent's letter of March 22, 1995, and accepted, and the submissions received, I hereby give approval to proceed with the undertaking subject to the following terms and conditions:

1. Except as otherwise provided by these conditions, the undertaking shall be carried out in accordance with provisions of the EA which are incorporated herein by reference.
2. In order to address concerns raised by the Ministry of Environment and Energy, the proponent shall carry out the following prior to the commencement of construction and the completion of the detailed construction design for each stage:

a) **Noise**

The proponent shall prepare a noise report on the noise impacts for the tunnel section of the transitway. The report is to address the mechanical ventilation noise sources that may be associated with the underground portion of the transitway. Noise sources of this nature are governed by criteria contained in Ministry Publication NPC-105 of the Model Municipal Noise Control By-Law Final Report August 1978.

The report shall also satisfy the Guidelines on Information Required for the Assessment of Planned Stationary Sources of Sound as per Ministry Publication NPC-1333 of the Model Municipal Noise Control By-Law Final Report August 1978.

The noise report is to be submitted to the Director of the Approvals Branch of the Ministry of Environment and Energy for review and approval a minimum of 90 days prior to construction of the tunnel portion of the transitway.

b) **Waste Management**

The proponent, in consultation with the Ottawa District Office of the Ministry of Environment and Energy, shall develop a remedial work plan for handling landfill wastes and contaminated soils which are found during the construction activities. The plan is to be completed to the satisfaction of the District Officer, a minimum of 90 days prior to construction.

c) **Construction and Operation**

The proponent will ensure that contractors are made aware of all environmental considerations and meet all environmental standards and commitments for both construction and operational works.

3. The proponent will consult Ontario Hydro regarding the detailed design of this project and dig up any underground cables to identify their precise locations prior to finalization of construction plans.
4. The revised amending procedures submitted to the EA Branch on April 21, 1995 (Appendix 12 of the government review) replaces the amending procedure described in chapter 7.0 of the E.A. This revised procedure prescribes the planning process to be followed by the proponent for addressing changes to the approved undertaking.
5. The proponent will continue to seek the input of the public prior to finalizing the design of the undertaking, especially the section crossing the National Capital Commission open space. They will continue to inform the public prior to and during the construction phase.
6. The proponent will monitor the traffic movements, and related impacts on the affected communities, to address the concerns

raised by the Qualicum-Graham Park Community Association and the Crystal Beach Lakeview Community Association.

REASONS:

My reasons for giving approval are:

1. On the basis of the proponent's Environmental Assessment and the Review, the proponent's conclusion that, on balance, the advantages of this undertaking outweigh its disadvantages, appears to be valid.
2. On the basis of the proponent's Environmental Assessment, the review and the conditions of approval, the construction, operation and maintenance of the undertaking will be consistent with the purpose of the Act (section 2).
